

# Grading system on reports

<u>Aspect of work</u>	<u>Weight towards final score</u>
◦ Abstract	5%
◦ Introduction	10%
◦ Formalism/Theory/Algo	20%
◦ Code (incl. tests)	20%
◦ Analysis/Results	20%
◦ Discussion and conclusion	10%
◦ Overall presentation	10%
◦ Referencing	5%
◦ To avoid unrealistic high "resolution" in grading the projects, we will use a 0-5 point scale for each category, but scale according to the relative weights.	
◦ Get a final score per project	
◦ Projects 3-5 each count $\frac{1}{3}$ of final grade
